May 30, 2019, 5 – 8 pm – Maggiano's, Tyson's Corner, VA

MASFA Dinner Meetings – Get Yourself Connected

Thursday, May 30, 2019, 5 – 8 pm. Our dinner meeting is the best place in the Northern Virginia, Washington and Baltimore region to network with people in the cold-formed steel industry: Contractors, suppliers, manufacturers, and designers are always part of the mix. Our dinners provide you the opportunity to:

- 1) Network with industry colleagues during our cocktail hour.
- 2) Learn about important industry topics (many of which include continuing education credits) from various industry experts.

Topic: Contractor Certification: From Recognition to Requirement

1.0 PDH

Speaker: Larry Williams-Executive Director, Steel Framing Industry Association (SFIA)
Continuing Education Credits Available: 1.0 Engineering PDH Credits

Agenda Highlights: Technically, a contractor only needs a license to do business and certifications for specific types of work. But the world is changing. Increasingly contractors are looking for a competitive edge and a way to help improve quality control and efficiency. Longer-term, the codes and standards are gradually moving toward requiring special inspections on load bearing cold-formed steel installations. This program shares case studies into how some cold-formed steel contractors are successfully incorporating certification programs into their business model, and takes a look ahead at what the industry is doing to anticipate what CFS contractors may need in the future to address code requirements
