

# Mid-Atlantic Steel Framing Alliance

Register For MASFA's Quarterly Dinner Meeting & Get Yourself Connected!  
June 6, 2018, 5 – 8 pm – Houlihan's, Columbia/Elkridge, MD

## MASFA Dinner Meetings – Get Yourself Connected

**Wednesday, June 6, 2018 , 5 – 8 pm.** Our dinner meeting is the best place in the Northern Virginia, Washington and Baltimore region to network with people in the cold-formed steel industry: Contractors, suppliers, manufacturers, and designers are always part of the mix. Our dinners provide you the opportunity to:

- 1) Network with industry colleagues during our cocktail hour.
- 2) Learn about important industry topics (many of which include continuing education credits) from various industry experts.

## Topic: Steel It...Then Seal It: The Who, Why, What, Where and When of Air Barrier Systems

1.0 PDH

**Speakers:** Brian Stroik, Vice Chair, Air Barrier Association of America & Manager – Building Envelope Solutions Group Tremco Sealants

**Continuing Education Credits Available:** 1.0 Engineering PDH Credits

SECUROCK® EXOAIR® 430

**Agenda Highlights:** You are already framing up the exterior walls on your projects, but are you sealing the deal by installing the Air Barrier as well? Air Barrier systems are a key element in the performance of commercial buildings. Although relatively new compared to other construction systems Air Barrier stakeholders include contractors, suppliers, distributors, architects, engineers, manufacturers, building owners and others. This presentation will review the definitions, types, testing, installation and industry requirements around Air Barriers. It will also touch on a new delivery method for an Air Barrier system that can increase your revenue. Join us to learn about these systems and how they are increasingly designated as part of the exterior wall package. New air barrier technologies are creating new opportunities and scope for MASFA members! Learn more about adding value to your projects and increasing revenue.
